Curriculum Overview
Subject: Design Technology
2017-18

Vision for Design Technology: The Westminster School is a nurturing learning environment in which each child is encouraged to develop their full potential and where their achievements and successes are celebrated and rewarded. Within Design Technology we encourage our pupil's to look at the world around them in various contexts inspired by creativity and imagination. We develop problem solving abilities, become more confident at taking risks and extend or thinking beyond our subject area touching on elements of math, science, engineering, ICT and art. Our vision is to facilitate opportunities for pupils to become resourceful, innovative, enterprising and capable citizens.
