

Curriculum Overview
Subject: Humanities
2017-18

Vision for Humanities

At the Westminster school, we believe the study of Humanities as a way to understand our history and the development of the world around us. By studying this, we learn about ourselves and our responsibilities to others and the world around us. We seek to inspire a curiosity and fascination through exploring, discussing, research and presentation. Communication in all its manifestations is at the heart of Humanities and is interwoven with our Literacy curriculum.

	Autumn 1 Geography	Autumn 2 History	Spring 1 History	Spring 2 History / Geog	Summer 1 Geography	Summer 2 History / Geog
