## PE Sports Funding

From September 2013 each school received extra sports funding through Sports Pupil Premium. At The Westminster School this amounted to £3436 (up to April 2014). We have used this funding to improve the PE experiences that the children have in school and to develop their experience of Healthy Lifestyles outside school. We feel that this is the most effective and efficient way for the funding to have a long lasting and positive effect on future learning and physical development of children within our school.

### **BUDGET - £3436**

In addition we are considering the long term impact of the funding and working to ensure that its effects are sustained. In order to do this we will be supporting staff to develop their skills in teaching and leading high quality Physical Education across the curriculum.
